

# ACR22G

23.13" x 18.88" x 21" (H x W x D)

Compact healthcare all-refrigerator with self-closing glass door, front lock, digital controls, and external temperature readout.

## Highlights:

Designed and constructed for reliable cold storage in healthcare facilities

External temperature readout of the current and high/low temperatures

User-friendly front control panel keeps the thermostat and alarm in reach without having to open the door

## Product Features:

|                              |                                                                                                                                                                                                                                                 |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| EQTemp Medical Refrigerator  | All-refrigerator designed to operate between 2 and 8°C for a variety of storage application in medical offices and other healthcare facilities                                                                                                  |
| Temperature Range: 2° to 8°C | Preset to 5°C as recommended for many storage applications                                                                                                                                                                                      |
| Compact size                 | Full 1.94 cu.ft. capacity inside conveniently slim footprint                                                                                                                                                                                    |
| External temperature readout | Includes continuous display of the current interior and high/low temperature, and can be switched from Celsius to Fahrenheit at the touch of a button                                                                                           |
| Digital thermostat           | Digital microprocessor for easy and precise temperature management, with all controls externally located for added convenience                                                                                                                  |
| High/low temperature alarm   | Audible alarm sounds if the interior temperature rises or falls out of set range                                                                                                                                                                |
| Buffered temperature probe   | Thermometer probe is encased in a glass bead-filled bottle and stored in a fixed box on the center shelf. This is the ideal way to produce temperature readings closest to stored contents, as recommended by the CDC, VFC and VFA's guidelines |
| Access port                  | 3/8" probe hole with cover is pre-installed in unit's side to allow easy installation of user-provided monitoring equipment                                                                                                                     |
| Commercial design            | Meets UL-471 commercial standards                                                                                                                                                                                                               |

# ACR22G Specifications:

| Overview                   |                    |
|----------------------------|--------------------|
| Nominal Height             | 24.0" (61 cm)      |
| Height of Cabinet          | 23.13" (59 cm)     |
| Nominal Width              | 19.0" (48 cm)      |
| Width                      | 18.88" (48 cm)     |
| Width with Door Open       | 19.13" (49 cm)     |
| Nominal Depth              | 21.0" (53 cm)      |
| Depth                      | 21.0" (53 cm)      |
| Depth with door at 90°     | 38.38" (97 cm)     |
| Capacity                   | 1.94 cu.ft. (55 L) |
| Defrost Type               | Automatic          |
| Door                       | Glass              |
| Cabinet                    | White              |
| US Electrical Safety       | ETL                |
| Canadian Electrical Safety | ETL-C              |
| Amps                       | 0.9                |
| Voltage/Frequency          | 115 V AC/60 Hz     |
| Weight                     | 52.9 lbs. (24 kg)  |
| Parts & Labor Warranty     | 1 Year             |
| Compressor Warranty        | 5 Years            |
| UPC                        | 761101082998       |
| Refrigerator Features      |                    |
| Door Swing                 | RHD                |
| Reversible                 | Factory Reversible |
| Shelf Type                 | Wire               |
| Shelf Qty                  | 1                  |
| Thermostat Type            | Digital            |
| Fan Type                   | Interior           |
| Refrigerant Type           | R600a              |
| Refrigerant Amount         | 0.85oz.            |
| High Side PSI              | 1.45               |
| Low Side PSI               | 0.85               |
| Level Legs Qty             | 2                  |
| Interior Light             | Yes                |
| Temperature Range          | 2° to 8°C          |
| Sound Level                | 37.3 dB            |
| Dimensions                 |                    |
| Interior Height            | 16.25" (41 cm)     |

|                        |               |
|------------------------|---------------|
| Interior Width         | 15.5" (39 cm) |
| Interior Depth         | 14.5" (37 cm) |
| Compressor Step Height | 6.5" (17 cm)  |
| Compressor Step Width  | 15.5" (39 cm) |
| Compressor Step Depth  | 5.5" (14 cm)  |
